

MEDICAL
UNIVERSITY
of the AMERICAS

Discover where **MUA** can take you

The **MUA** Difference

Medical University of the Americas maintains its founding philosophy: To offer medical education in small classes, with one-on-one instruction and with a commitment to providing an education on par with US and Canadian medical schools. Discover where MUA can take you.

“I loved every part of Basic Sciences. The classes were excellent, and the professors really took the time to teach us and make sure we understood everything.”

Anthony Ramdass MD
Associate Program Director

MUA Key Facts

Accreditations: Accredited by the Accreditation Commission on Colleges of Medicine (ACCM)

Intakes: Three intakes per year in September, January and May

Location: Nevis, The Caribbean

Why Choose MUA

Practice in the US or Canada: By virtue of MUA's approval by the states of New York, California and Florida, MUA graduates are eligible to practice in all 50 states and the Canadian provinces

Residency placements: Graduates earn residencies in competitive programs in both the US and Canada

Access to US Federal Financial Aid: Approved by the US Department of Education to participate in the US Federal Financial Aid programs

Integrated systems-based curriculum: Learn through a mix of interactive lectures, small-group work sessions and simulations with standardized patients

USMLE success: 95% average first-time pass rate on USMLE Step 1 Exam, between 2015 and 2019

Clinical rotations: Access to clinical programs at credentialed teaching hospitals in the US and Canada

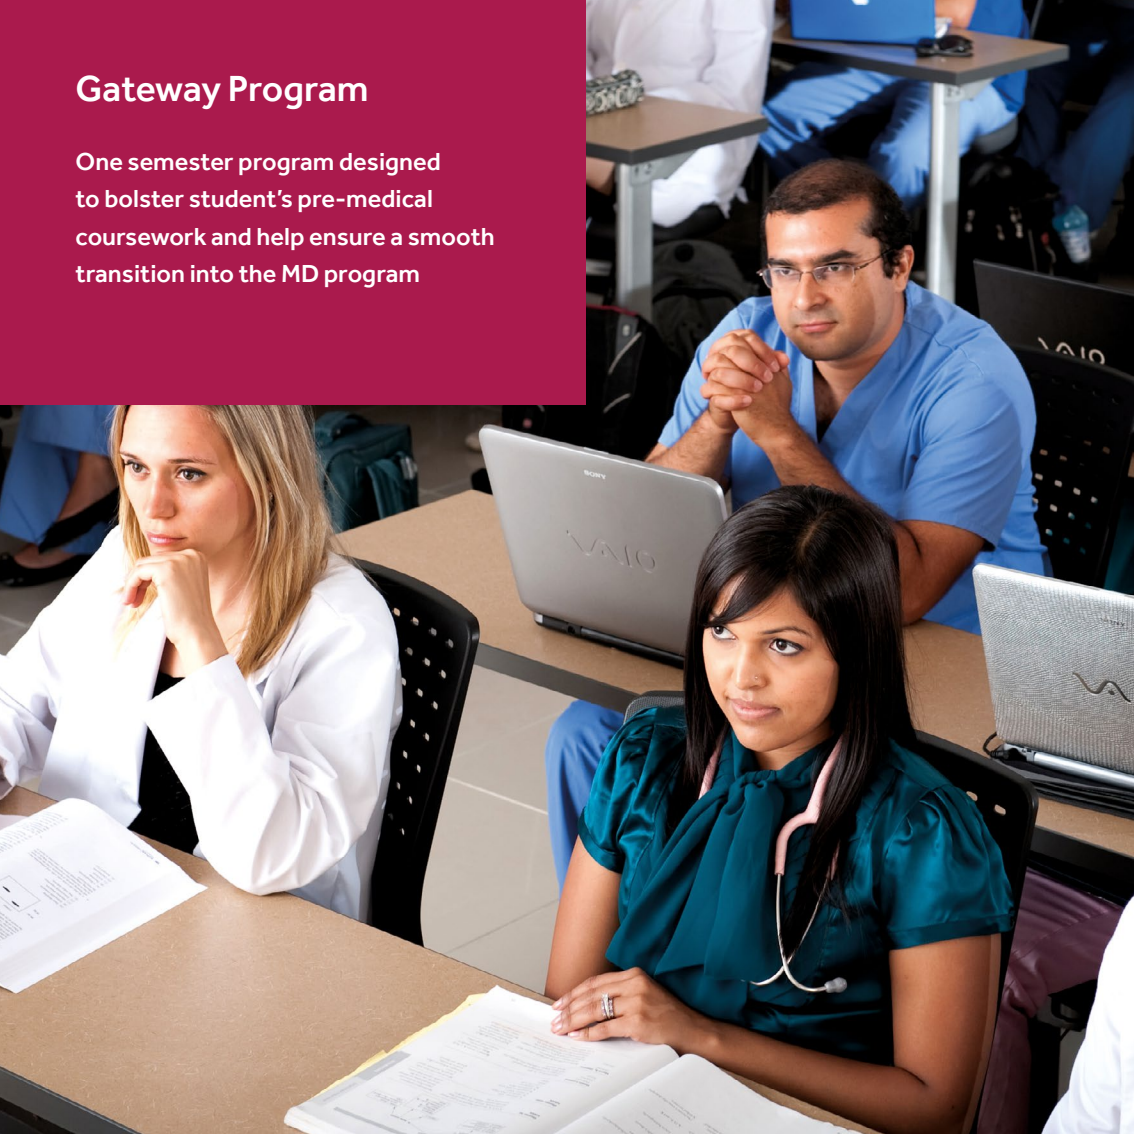

Our faculty: All our faculty members have an advanced or doctoral medical degree in their academic field

Class size: Small class sizes to encourage student-teacher interaction

Campus location: Study on the beautiful island of Nevis in the Caribbean

Gateway Program

One semester program designed to bolster student's pre-medical coursework and help ensure a smooth transition into the MD program

Why study on Nevis?

- Easily accessible from major cities
- Safe and welcoming environment
- Enjoy white sandy beaches and hike the rainforest

Our program

- 1-5 semesters Basic Science program on Nevis
- 6-10 semesters clinical rotations in the US/Canada

Prerequisites

- General biology or zoology (with lab)
- Inorganic chemistry (with lab)
- Organic chemistry (with lab)
- English
- MUA encourages students to complete courses in the arts, social sciences, philosophy, literature and the humanities
