

ST. MATTHEW'S
UNIVERSITY

Improving lives through education

The **SMU** Difference

At SMU, we are as committed to your dreams as you are. Through small classes, talented faculty and access to some of the most competitive clinical placements in the US and Canada, you'll be supported in all aspects of your education.

"I would advise incoming and current students to take advantage of the small size classes that SMU offers. We have very knowledgeable professors who go out of their way to teach everything you need."

Dr Maria Munoz, Waterbury,
Connecticut School of Medicine, graduated 2014

SMU Key Facts

Accreditation and Approvals: Accredited by the Accredited by the Accreditation Commission on Colleges of Medicine (ACCM)

Intakes: Three intakes during the year in September, January and May

Location: Cayman Islands, Caribbean

Why Choose SMU

Our graduates: Over 2,000 successful graduates have earned residencies and/or permanent licensure in the US, Canada or further afield

Residency placements: Graduates place into outstanding programs at institutions such as Johns Hopkins and McGill University

Approved for US federal loans: One of the select international medical schools approved to participate in US Federal Student Aid programs

Practice in the US or Canada: By virtue of St Matthew's approval by the states of New York and Florida, graduates are eligible to practice in all 50 states and the Canadian provinces

Faculty: Highly credentialed, experienced faculty, with each holding an MD and/or PhD

Clinical rotations: Clinical training sites at top teaching hospitals in the US, Canada and United Kingdom

Personalized education: Limited class sizes and a very low student to faculty ratio encourages close student-faculty interaction

Excellent value: Fees are 30% lower than the average of US medical schools

Campus: Modern, state-of-the-art Cayman campus

Student mentors: Student mentors to help you adjust to life in medical school

How to apply

1. Complete the online application form on our website
2. Pay your application fee
3. Submit required documents
4. Receive decision from Admissions Team
